IV. COMMISSION BUSINESS:

A. Treasurer's Report:

Treasurer Sherman reported that no financial transactions had occurred during June. The ANC account balance is approximately \$57,078.

Commissioner Sherman reported that the Office of Advisory Neighborhood Commissions had completed its review of the ANC's most recent Quarterly Financial Report and was prepared to release the ANC's next quarterly allotment. He noted two minor prior-year accounting adjustments totaling less than one dollar that would appear on a future report.

No action was taken.

B. Commissioner Reports:

- DMPED's failure to forward its answers to the ANC's 55 Civic Core questions, despite having developed those answers by at least June 4, was discussed and was attributed to a DMPED representative having been on vacation. DMPED attempts to meet with parents regarding library planning were discussed, as was the fact that the ANC had conducted two community-wide surveys on the development of the Civic Core, and had generated some 7,000 responses, to inform the development of the new library and community center.

- Strong community interest is being expressed in the Lafayette-Pointer Park bear sculpture. Continued efforts to maintain the Lafayette athletic field by recruiting volunteers to water the field, since the irrigation system is inoperable, was discussed.

Point of order: Commissioner Grunewald raised a point of order that the discussion had drifted off-topic.

Ruling: Chair Phinizy ruled the point not well taken, finding the discussion remained relevant to field maintenance.

- The McKinley Street speed hump replacement, Oliver Street sidewalk and curb reconstruction, and Civic Core playground repairs and DPR coordination were briefly reported on.

- Traffic and parking concerns near the newly opened Wheelhouse Restaurant, a federal court ruling involving the Chevy Chase Circle/Newlands wayside exhibit, and a

proposed letter to National Park Service officials, were briefly reported on. Commissioner Gosselin disclosed his service as a Board Member of Friends of Chevy Chase Circle, but said he would not recuse from discussion about the Circle.

- Building-safety concerns at 5301 Connecticut Avenue, and playground repair and safety issues at the Civic Core site, were briefly reported on and discussed. Commissioner Nagy invited collaboration with Commissioner Simmons regarding playground improvements.

ADJOURNMENT:

Commissioner Nagy moved to adjourn. The motion was seconded and approved by voice vote.

The meeting adjourned at approximately 9:35 p.m.

Respectfully submitted,
