Dear Ms. Vitale:

On behalf of ANC 3/4G, we wish to convey that at our regularly scheduled and properly noticed meeting last night, January 13, at which a quorum of Commissioners was present, the Commission voted unanimously (7-0) to concur with the following modifications to the Board of Zoning Adjustment order for case #20643, the Maret School's development of athletic fields at the Episcopal Center for Children:

1. Changing the complexion of the posts supporting the netting on the perimeter of the field (to keep balls from exiting the property) from a light to a dark color (aiding absorption of light, thereby minimizing glare);
2. Increasing the height of the football goal posts from 20 to not more than 30 feet (standard for high-school use); and
3. Leaving open the grassy area intended for public use in the northwest corner of the property consistent with the BZA order (reversing a plan to fence the area in).

Maret School had petitioned ANC 3/4G for its concurrence following discussions with your office, which our Commission also engaged as to our needed response. Please advise if you need further information.

With regards.
