April 28, 2021

Councilmember,

Attached please find a petition recently circulated in our community and signed by more than 500 residents expressing the signers' concern that already enacted or pending changes to the District's Comprehensive Plan could jeopardize the integrity of our recently launched Chevy Chase Small Area Plan (SAP) process. The petition asks the District not to approve density increases for upper Connecticut Avenue NW until our SAP process is complete and the Council has adopted the result. It asks that the Council restore language to the Comprehensive Plan designed to ensure that infrastructure keeps pace with population. It asks the Office of Planning to work with the community to conduct an "inclusive, responsive and transparent" SAP process that optimizes production of new, and preservation of existing, affordable housing.

The Commission as a whole does not take a position on the substance of the petition (although two Commissioners have signed the petition), but views the document as an expression of concern by a segment of our community. The Commission has been asked to transmit the petition to the Council and others so that it could be considered in their deliberations and actions. We have agreed to do so.

Sincerely,

Randy Speck
Chair, ANC 3/4G

Petition to Support Community-Driven Planning for Chevy Chase DC, April 2021

To: DC City Council Chair Phil Mendelson; Councilmember Mary Cheh; Other DC Councilmembers; Mayor Muriel Bowser; Office of Planning Director Andrew Trueblood, Commissioners of ANC3/4G

From: Residents for Community-Driven Development

OUR VISION

We are residents of Chevy Chase DC who demand a community-driven comprehensive planning process for any redevelopment of upper Connecticut Avenue. We seek: (1) truly affordable housing (including family-sized units) to welcome a diverse mix of new residents (including lower-income individuals and families); (2) infrastructure that scales up as population grows; (3) a pedestrian-friendly, small-business-centered commercial corridor; and (4) new construction that complements the historic architecture of Chevy Chase DC.

AN URGENT PROBLEM

The DC Council is about to approve changes in DC law that will squander our opportunity to advance equity aligned with affordable housing production, ignore current and future infrastructure needs of Rock Creek West, and endanger our small business community.

We ask that, immediately:

1. The DC Council **not** approve any density changes to the Future Land Use Map for upper Connecticut Avenue in the Comprehensive Plan Amendment Act of 2020 (B24-01) until a community-driven Small Area Plan has been approved by the Council;
2. The DC Council restore to the Act the planning and development priorities in the Rock Creek West Area Element of the current Comprehensive Plan, to ensure that infrastructure keeps pace with population.

And, subsequently:

1. The DC Office of Planning conduct an inclusive, responsive, and transparent Small Area Plan process as per the February 22, 2021 resolution of Advisory Neighborhood Commission 3/4G, to include visual simulations of proposed changes;
2. City agencies optimize production of affordable housing by developing property that the City already owns and purchasing additional property at current market prices in our Rock Creek West area;
3. The DC Council preserve existing affordable housing, whether naturally occurring or rent-controlled, in the planning area.

CONCLUSION:

To date, the City has relied upon developers to remake neighborhoods. The rationale is affordable housing, but the result is 5333 Connecticut Avenue, a building of 261 apartments, of which only 19 are affordable and few are sized for families. Developer-driven planning is top-down and narrow in focus. Community-driven planning is ground-up and holistic, addressing overcrowded schools, public transportation, traffic, parking, pedestrian safety, small businesses, public spaces, and the architectural fabric of the neighborhood. We ask residents of Washington DC who live in the Chevy Chase, Barnaby Woods, and Hawthorne areas specifically to sign this petition to support truly comprehensive, community-driven planning.
